

Dee Dee, The One

I wonder were you are
near or far away
i wanna be with you
every night and day

im lookin for an answer in your eyes
im searchin for your love
deep inside

your love, is everything i live for
your voice, is what i hear
your touch, is everything i dreamed of
cuz you are, the one i need
the one i need

i wonder how you feel
my love for you is true
id walk a thousand miles
just to be with you

im lookin for an answer in your eyes
im searchin for your love
deep inside

your love, is everything i live for
your voice, is what i hear
your touch, is everything i dreamed of
cuz you are, the one i need
the one i need
