

# Deeds Of Flesh, Emphyrean

Sky of fire of endless magnificence  
Our souls united once more  
To conquer and rule again as kings  
Of the great halls of Asgard

Ancient legends to an ancient people  
Viking might we drink all night  
Boasting tales of great deeds  
And to the battles eternally victorious  
Victorious

Hail to our brothers fallen  
And their blood sacrificed  
For the righteous determinant  
Slaughtering to attain

Flawless steal cuts down our enemies  
With ancestral precision  
Precision  
Fulfilling our pleasures of war

Ancestors fulfill our glory  
Gluttony soaring  
Merciless groping  
Offerings sent  
From the mortal plane  
Mortal plane

We send our strengths
