

Deep Puddle Dynamics, Deep Puddle Theme So

slug:

descending on the center, from the outskirts of obscurity
with a raised fist, symbolization of the urgency,
strength blowing kisses and winks toward adversity,
subtle yet as vital as the ink on your currency...

sole:

im currently spiraling sinking inking melatonin
toning governing soft naturally firm in lost,
fell off the edge of the whirlpool thoughts
intangible, in this civilization,
lacing loud scream slew attachment to parchment
in my apartment, we all wear yellow rubber jackets

slug:

give me some more id like to taste,
swallow it whole and wipe your face,

alias:

tickling at your sense of thought,
this square is brought for knowledge

dose one:

apply, it ripples twisting, twisting your gnomes trickle

sole:

or lack of the above, this crowd submerge yourself in puddles

alias:

light reflecting off soft waves
make it a blurred aspect subject
to ponder the vertical dynamics of further respect
one cannot truly feel the mass between the top and bottom points,
h20 is a symbolism we have chosen to use as an annointment, thoughts are sent,
thinking it skimming it skip in,
dip in my entire action creator and popular inflator
flotation devices are your vices dislocate your elevator,
later you will yearn and pray if the liquid form break from the norm
open wide face up to attempt to, and take particles from the storm

dose one:

youve thirst for substance of decisive ground
twice as round as your skins tough, wait, no, further,
we touch bottom and break surface depth as our eldest daughter,
with your eyes and no ones fear.

slug:

took a dip last week through the liquid that gathered
near the tip of that peak that exists in my matter
i taught myself to survive without my feet on the ground
i never felt so alive as when i drowned...

dose one:

a pebble moistened, vines dripped, drip, blessed drip, were saved, a puddle...

dose one:

bestill the shores bend and splash,
heavy rye on life preserve...

sole:

but still pouring friend, im asking asphalt may i melt here
beat down by the aquarium that we all deserve to break from

slug:

reflecting what's observed, deep, straight, and every curve

alias:

swerve and meant to contend with four with life form purposes served

sole:

i put my greatest foot into the ice cold pool

dose one:

and roll off the most intense of steps been ever...

all:

the rebels, leviathin, risen, prominence,
wet stone, monolith, drinking, continence,

dose one:

and the unanimous, smells leaking definitely,
is sour of audience, captive, isnt it,
the end and the all-muddied, thats our humble home,
you is a soaked in yes...

all:

release, niagara, anxious, fragments,
pause, deep puddle dynamics

sole:

we, an arched antartical snow ball, falling through the deserts

dose one:

set sensitive, a fluid too present for dense

slug:

i see numerous seeds free-floating upon the chemistry

alias:

evaporation is non-existence in this conglammorate form by energy

slug:

the dawn contorts the destiny, pathway unpredictable,
ripples hold the visions, a chisel in it now positions...

alias:

visions waving and squiggling constantly moving hard to realize my eyes
ears in listening are tools for saving you from your intelligence demise

slug:

i took a dip last week through the liquid that gathered
near the tip of that peak that exists in my matter
i taught to myself to survive without my feet on the ground
i never felt so alive as when i drowned...

dose one:

a pebble moistened, vines dripped, drip, blessed drip, were saved, a puddle...

alias:

do you understand the presentation of, dynamics,
do you understand the innovation of dynamics...

sole:

im in love with a flying mermaid, she brings me glass of air and plates
sings me songs of how we used to love concrete,
all my dreams are coral reefs, and my love is a tree
and we view shattered moon like chattering
of all the things we (gonna) wanta (oughta) be.

dose one:
my sweet sound safe cab beauty is far up longing stare at the determined mariner,

alias:
navigating through those debating our interest value,
envisioning a reach to arrive on an island where anxious waiters fill the beach...

slug:
surfacing for breath, inhale, and then return to the depths
submerged in the verses where the worth is kept

sole:
viceless, exotic, exciting 'til we evaporate,
draw my mass upon your peninsula, aquatic colors to illustrate...

dose one:
the sailing power set within a siren stone...

alias:
longing to reach the shore, engulf themselves in music free of pours of mideon...

slug:
my word is my springboard,
wearing my water wings for, the dive...

sole:
and i slit my throat for gills in the event i gotta survive...

dose one:
we are the raft, the bank, the drift, the kelp,
the 40,000 leagues of inspiration treasured never discovered.

alias:
untouched by timeless traveling, amoebas see the crest overbearing
no sea-faring individuals are present in my crowd staring...

slug:
standing, fathoming the distance, between the existing rationalizations
against the average pistons fascinations,
its handheld, however as hard as the waves break,
it would take eight hands to craft the puzzle of the puddles sake

slug:
took a dip last week through the liquid that gathered
near the tip of that peak that exists in my matter
i taught to myself to survive without my feet on the ground
i never felt so alive as when i drowned...

dose one:
a pebble moistened, vines dripped, drip, blessed drip, were saved, a puddle...

alias:
do you understand the presentation of, dynamics,
do you understand the innovation of dynamics...

sole:
were all having fun, laying in the moss,
layed down the tower, before we all trip,
one finger, two finger, three finger pregnant...

all:
row row row your reel, gently down the stream,
merrily merrily merrily merrily, life is but a sinking feeling...
