

Deep Purple, Love Child

(bolin/coverdale)

You can walk thro' fire,
Make the north wind blow
Squeeze 'n' tease me honey
When you shake your body
You move my soul...
Let me be your lover
Won't you let me be your child
Take me through your universe
Y'know that when you smile
You drive me wild...

Love child
Driving me wild
Love child
Always teasin' me

You can ride your pony
Day dream in fairy tales
All i know, is i need more,
When i see you dance the seven veils...
