

# Deep Purple, Oh No No No

You think by leaving me the sun will go away  
You think that if you go there'll be no other way  
But your leaving now won't even spoil my day

Oh no no no  
Oh no no no

You keep a-waiting for the tears I'm supposed to cry  
The promise leaves so I'm supposed to die  
I'd forgotten who you were until you dropped on by

Oh no no no  
Oh no no no  
Oh no no no  
Oh no no no

You think I'm guilty throwing off the likes of you  
That there'll be no one else but there'll be quite a few  
At least I've got my head but somehow I'll pull through

Oh no no no  
Oh no no no  
Oh no no no  
Oh no no no

Oh no no no  
Oh no no no  
Oh no no no  
Oh no no no
