

Deep Purple, Solitaire

Door

Don't close the door

I want to feel the cold

I want to see the light

Momma where you gone

This is no dream

Can't make it right if it's wrong

Dancing with strangers

Fighting with friends

It's a matter of time between love and despair

Falling over the line

Empty hearts and icy stares

Call me Solitaire

The eyes

In the face on the wall

Follow me round the room

Follow me everywhere

A heart without an echo

A man without a child

Alone with all my sorrow

Dancing with strangers

Fighting with friends

It's a matter of time between love and despair

Falling over the line

Empty hearts and icy stares

Call me Solitaire
