

Deerhoof, Chandelier Searchlight

Chandelier searchlight lights up
Scale glaring airship
Dream when crows cry
Welcome to the underworld
You won't need invitation
Swing by, sweet heart
La la la la life life

Hold my soul Oh Charon
Over muddy water

Night awakes day escapes
If dive into flaming magma
Welcome to the underworld
You won't need invitation
Swing by, sweet heart,
Drop by, sweet heart

Utter incantation
To there transportation
New location
This is destination
La la la la life life

Hold my soul Oh Charon
Over muddy water

Yura yura yura
