

# Deerhoof, Spy On You

Spy on you, spy on you  
Follow you, follow you  
Spy on you, spy on you  
After you, after you

Under investigation  
I have your information

Hiding, finding, everywhere  
Hiding, finding, always there

Uh oh, shadow  
Someone is following, following me  
Oh no, shadow  
Someone is following, following you  
Under investigation

I've got all the information
