

Deerhoof, Wheely Freed Speaks To The People

All the supermen, you ought to know

Please honor
Queen Mother
We call her Deergod
All the supermen, you ought to know

When she eased twenty needs
I believe Deergod

All the supermen, all the supermen
Supermen ought to know
All the supermen, all the supermen
Supermen in a row
All the supermen, all the supermen
Supermen soul to soul
All the supermen, all the supermen
Supermen ought to know
