

Deerhoof, Wrong Time Capsule

Bend the machine
See the pendulum swing and go in between

When you hunger number one
It's no wonder under fun
Don't be mean to see the green
You get caught in the machine
You're caught in the machine

Here's a message she would say
Don't forget me yesterday
Cause today's no place to stay
Will you spirit me away?
You spirit me away

Bend the machine, Bend the machine
See the pendulum swing and go in between
Skip the waves, syncopate
Forwards backwards
[Olulululu]

Skip the waves, syncopate
Forwards backwards
[Olululu]

Skip the waves, syncopate
Forwards backwards
[Olululu]
