

Def Leppard, Let's Go

Do you really, really wanna do this now?
Do you really, really wanna do this now?
Do you really, really wanna do this now?
Do you really, really wanna do this

The heat goes up as the lights go down
The beat goes on when we hit your town
You overload on electric light
There's magic in the air tonight

Welcome to the carnival
Welcome to the party
Welcome to the edge of your seat

Let's Go (oh oh oh)
Let's Go (oh oh oh oh, oh oh)
Do you really wanna do this now?
Let's Go (oh oh oh)
Let's Go (oh oh oh oh, oh oh)
Do you really, wanna do this now

Your heart is beating like a drum
So step right up 'cause your time has come
Gotta stand up gotta get in line
Come take a look it'll blow your mind

Welcome to the carnival
Welcome to the party
Welcome to the edge of your seat

Let's Go (oh oh oh)
Let's Go (oh oh oh oh, oh oh)
Do you really wanna do this now?
Let's Go (oh oh oh)
Let's Go (oh oh oh oh, oh oh)
Do you really wanna do this now?

Do this now!

Magic and wonder will hit you like thunder
The feeling gets stronger so let yourself go!

Welcome to the carnival
