Def Leppard, Me & My Wine

Well I'm down in the alley of Sally and I'm feeling my way And it's four in the morning, I don't have a lot I can say I know I'm looking for some satisfaction But there ain't much news Got some walking from a back reaction I'm hanging down and loose

Me and the boys have been drinking Feeling like this is the wrong time for thinking All I can say is I'm doing fine With just me and my wine

Now my brain and my body are runnin' on different rails And I died and just say hi what if all else fails Oh I woke up in a subway station Lying half dead on the floor I don't remember anything What happened the night before

Oh me and the boys have been drinking Feeling like this is the wrong time for thinking All I can say is I'm doing fine With just me and my wine

Now listen My hair's a real mess, I feel and look like a joke And there's a hole in my jeans, I just ran right out of smokes You know I'd like to get to know you But I ain't got the time I'm finding it harder and harder To make this damn thing rhyme

Just me and my wine Well just me and my wine You know that I'm doing fine Well just me and my wine

Thank you! </lyrics>
