

Deftones, Bored

Hear me spit on you, wither I Remold into gold and bury I from - Sun

Reborn left to sigh, recure maybe I'll
Be born and simplify - The way I lie - Before
I get bored, I get bored, I get bored I'm bored
Repent by you and trust to figure out
I burn that gift to doll and let it shine before
I get bored, I get bored, I get bored, I wish for a real one

Fit and confide, before me or I
I will come clean, it gets worse - it's more
Get bored, I get bored, I get bored, A wish for a real one
Get bored, Get bored, Get bored, I wish for a real one
