

# Deftones, Kimdracula

The earth  
Will save our arms  
Well blink tonight  
The earth will rot away  
Well blink tonight

I really wish these snakes were your arm  
I...I really wish you'd make up your mind

The earth disguised the lake  
Well blink tonight  
The earth earth will save our arms  
Well blink tonight

I really wish these snakes were your arm  
I...I really wish you'd make up your mind

I know...know...know...
