

Deftones, Kimdracula

The earth
Will save our arms
Well blink tonight
The earth will rot away
Well blink tonight

I really wish these snakes were your arm
I...I really wish you'd make up your mind

The earth disguised the lake
Well blink tonight
The earth earth will save our arms
Well blink tonight

I really wish these snakes were your arm
I...I really wish you'd make up your mind

I know...know...know...
