

# Deftones, Sinatra

I can't move her...  
Obsessed with protection  
This is a bad idea  
She needs affection  
What, me?!

Drive around town forced to talk  
Pass that church again  
Where's a parking spot?  
It's Sinatra's world  
She just lives here  
I hate everything as much as  
I hate me!

What's the best for me?! x4

She doesn't see me  
And I don't care  
Just move around some and  
Fix your stare  
I had more fun  
Took half the time  
Cost three bucks  
Buy a magazine!

What's the best for me?! x4
