Inner peace I am denied, damming myself in the mind,  
Wondering eyes never see, visible powers concede,  
Nothing will stand in its way, immanent doom and decay,  
It is a present from god, payback for what I have done,  
Circling every mistake, wait to deliver my fate,  
Evil with anger and rage, sicken I bath in its pain,

Karma is coming for me, masking confusion unease,  
Sorrow absorbing my soul, mourning the lack of control,  
Pondering why I exist, remove myself from its grip,  
Self mutilation unstopped, repel the markings of god,  
When will you show me your face, immanent doom in disgrace
