

# Deine Lakaien, The Dive (Let Me)

Where am I  
I don't know  
should I stay  
or should I go?  
having dreamed of  
I don't know  
how I feel insecure

City by night  
the air is warm  
can I resist  
all your charm  
can I ignore  
your sweet song  
I'm so weak  
when I'm alone

Oh let me dive into an ocean  
lights and music in never-ending motion  
how deep will I fall  
I don't think, I don't care  
'cause cities move on and no-one will find me there

Never seen  
easy live  
frightened by  
peoples' eyes  
catch a glance  
try a smile  
say hello  
stay for a while  
all around there  
harmony  
isolation  
wait for me  
our first night  
in a new world  
will I disappear  
will I be heard

Oh let me dive...
