

Del Amitri, Out Falls The Past

You hold the key to whether we will ever last
I know I can't forever hide behind this mask
'Cause everytime I fall in love, out falls the past
You'll hear my reputation anywhere you ask
They'll say I'm always chasing, so the die is cast
'Cause everytime I fall in love, out falls the past
Everytime I find somebody, the whispering begins
About how I change my women like traffic switches lanes
But girl, believe me, I'm the one that's changed
Back then, the girls, I guess, I kissed and got out fast
But that's all you need to know then girl, you should have asked
Everytime I fall in love, out falls the past
Everytime I find somebody, the whispering begins
About how I change my women like traffic switches lanes
But girl, believe me, I'm the one that's changed
You hold the key to whether we will ever last
But I hold when we're together; I ain't ever held on another so fast
'Cause everytime I fall in love, out falls the past
