

# Del Amitri, The Last To Know

With some girls it don't matter who you hang with  
With some girls it don't matter how you talk  
And some girls they are easy to be yourself with  
But the one girl that I want, ain't easy to please with what I've got  
With some girls it don't matter where you're aiming  
With some girls it don't matter how you act  
And some girls they don't care what car you came in  
But the one girl that I want, she wants that one bit of geography I lack  
Yeah, she don't want me 'cos I'm not where it's at  
And some girls they will worry about reactions  
And some girls they don't give a damn for that  
But somehow I ain't ever in on the action  
'Cos the one girl I want, she wants that one little quality I lack  
Yeah, she don't want me 'cos I'm not where it's at  
I don't have my finger on the pulse of my generation  
I just got my hand on my heart, I know no better location
