

Del Reeves, Anywhere U.S.A.

I'm sittin' on my suitcase just outside of town
Watching my tears make little funnies all around
Waitin' for that big ole bus to come my way
For I'm going to anywhere USA

No I don't care where that old great Dog is going
Just as long as it takes me so far away
Mister driver what's the fare how much do I pay
To go to anywhere USA

I had a love they told me she'd always stay home
I come in every bar in town she's mighty well known
So big wheels keep on rolling take me far away
Yeah to anywhere USA

No I don't care where that old great Dog is going...
