

Del Reeves, Everybody Wants To Sing A Goodtime

Everybody wants to sing a goodtime song
To cheer them up when the things go wrong
Listen to the music and sing along
This goodtime song with me

Hey is that a tear in your eye you know that's not your style
If there was the one to make you cry let me make you smile

Everybody wants to sing a goodtime song...

Think about your happiest days and multiply them back to
Well that's where your days will stay as long as I'm with you

Cause honey everybody wants to sing a goodtime song...
Everybody wants to sing a goodtime song...

Listen to the music and sing along this goodtime song with me
(Everybody wants to sing a goodtime song)
