

Del Reeves, Great Great Day

There's gonna be a great great day
All of my troubles will pass away
I read the book and the book did say
Oh there's gonna be a great great day

On my back no more burdens
On my shoulders no more cares
In my heart no more sadness
And the bells of peace will ring out everywhere

Oh there's gonna be a great great day...

I'm gonna rest beside the waters
Fill my cup till it overflows
Oh how sweet just to see the sunshine
How I suffered in this world nobody knows

But there's gonna be a great great day...
Ah there's gonna be a great great day
