

Del Reeves, I Want Your Heart

Now you give me your kisses and that matches fine
But you've been a givin' them all with everybody down the line
And I've had enough so I'm a gettin' up

You've got it and I want it and if I have to I'll tear this town apart
Yes I'll take it no I ain't a gonna break it I want your heart

Don't send the me the pillow that you dream on
I don't want the socks or shoes you wear
Don't give me the perfume that you put on
Or a golden lock of hair

You've got it and I want it...
[guitar]
No don't send the me the pillow...
You've got it and I want it...
