

# Del Reeves, I Would Like To See You Again

I was sittin' here thinking about some old times  
Some old times some old friends  
And suddenly it came and crossed my mind  
And I would like to see you again  
Remember how we used to walk and talk  
Walk and talk holding hands  
We said we loved each other I recall  
We made a lot of future plans

But the years have come and gone  
And a whole lot has happened since then  
But tonight your memory's awfully strong on my mind  
And I would like to see you again

It's funny how an old flame comes back  
Oh come on back and make you blue  
But I just saw a picture of a railroad track  
And old shack me and you  
I guess I'd better straighten out my mind  
Straighten it out and go to bed  
And pray that I don't dream about old times  
Some old times gone and dead

But the years have come and gone...  
And I would like to see you again
