

# Del Reeves, Motel Time Again

Oh I sat here on this stool drank so much I blew my cool  
And now they're closing up a world I'm living in  
So I guess it's time to go or at least they told me so  
Yes I'm going home it's motel time again

Motel time again yes I take myself to bed  
I don't even know what town I'm in  
Yes I'll find my way once more to that old number on the door  
Then I'll be at home it's motel time again

[ guitar ]

Motel time again yes I take myself to bed...  
Yes I'll be at home it's motel time again
