

Delain, Maniken

Maniken, be with us today.
Should we sacrifice one smaller?
Free word of preyer,
Certain is our withering.

Many kinds of lies [...]
We tell [...]
Many strike [...] the people,
Evil for their skill.
For now the eyes are watching
And they say to me: comment the lie.
Now a month and they are coming
With death in their heads.

They [...] belief,
Every comment stays
Behold your opponents,
And never, never say die.

Maniken [...]
[...]
[...]
[...] even within.

Many kinds of lies [...]
We tell [...]
Many strike [...] the people,
Evil for their skill.
For now the eyes are watching
And they say to me: comment the lie.
Now a month and they are coming
With death in their heads.

[...] the power [...]
[...]
Is your destiny.
