

# Delain, My Masquerade

Your face, my face  
You breathe and I breathe  
You fail, I fake  
I pray, I pray...  
You lose and I lose  
You bruise, I bruise  
I hunt, you stay  
My prey, my prey

My Masquerade (My Masquerade)  
My Masquerade (My Masquerade)  
If you're not afraid (If you're not afraid)  
To take a step into my world

My Masquerade (My Masquerade)  
My Masquerade (My Masquerade)  
If you're not afraid (If you're not afraid)  
To take a step into my world  
My Masquerade

A ball, tonight  
Cover your eyes  
By touch and taste  
We'll find our way  
Your secrets deep  
Yes I will keep  
I hunt, you stay  
My prey, my prey

My Masquerade (My Masquerade)  
My Masquerade (My Masquerade)  
If you're not afraid (If you're not afraid)  
To take a step into my world

My Masquerade (My Masquerade)  
My Masquerade (My Masquerade)  
If you're not afraid (If you're not afraid)  
To take a step into my world  
My Masquerade

Take of your mask  
And the world will see  
The freak in you  
The freak in me  
Tonight we hide  
From judging eyes

Take of your mask  
And the world will see  
The freak in you  
The freak in me  
Tonight we hide  
From judging eyes  
We'll dance until sunrise

My prey, my prey

My Masquerade (My Masquerade)  
My Masquerade (My Masquerade)  
If you're not afraid (If you're not afraid)  
To take a step into my world

My Masquerade (My Masquerade)  
My Masquerade (My Masquerade)

If you're not afraid (If you're not afraid)  
To take a step into my world  
My Masquerade
