

Delta Goodrem, Fly By Frankie!!!

fly by frankie thinks he's superman
like a child at the wheel of a rocket
he comes round here with a license to lurve
and i don't know where he got it
I trusted u, offered everything
but i'm not sure you deserve it.

bridge 1:

u tell me that i'm lucky, but i feel like giving up
coz a heart like mine's wasted on you
if you don't see what you've got,

chorus:

u throw it away
throw it away
all the heart and the soul i've been given
u throw it away
throw it way
like it's no big deal you'll be missing
u throw it away
throw it away
run it underground

fly by frankie's got it in his head
that he's something i know that he's not
he's like a blind bull in a china shop
when it comes to affairs of the heart

bridge 2:

you wouldn't know what love is
if it hit you like a rock
and a girl like me is lost on you if you don't see what you've got

chorus

every breath in the park
every dance in the dark
every promise you make
you go and throw it away
every smile in the rain
you know it's always the same
you go and do it again
you go and throw it away

bridge 2
