

# Delta Goodrem, If I Forget

You're a million miles away,  
Your voice, it speaks so painfully,  
The path is never easy,  
We gotta do what you've gotta do, I know,  
In life we have to compromise,  
The chaos of our choices,  
And through every endeavour,  
I think of us forever,  
So remember.

If I forget to say I love you,  
It doesnt mean that I dont,  
If I forget to say I miss you,  
It doesnt mean that I,  
It doesnt mean that I dont.

So much pressure holding on,  
Tell me we can climb this too,  
Don't give up what we have,  
Cos i dont wanna live my life,  
Without you,  
Without you.

If I forget to say I love you,  
It doesnt mean that I dont,  
If I forget to say I miss you,  
It doesnt mean that I,  
It doesnt mean that I dont,  
It doesnt mean that I dont,  
It doesnt mean that I dont,  
It doesnt mean that I dont.

If I forget to say I love you,  
It doesnt mean that I dont,  
If I forget to say I miss you,  
It doesnt mean that I,  
It doesnt mean that I dont,  
It doesnt mean that I dont,  
It doesnt mean that I dont
