

Delta Goodrem, Right Here In My Heart

Sometimes I wanna scream
Sometimes I'm in between
Heaven and Hell
Sometimes I wanna cry
Sometimes I feel that I
Can't take it anymore

But right here in my heart
There's a song I sing for you
Right here in my heart
Your love still gets me through
And all I feel
And all I know
We will find another way
'Cause right here in my heart
Is where you stay

I know you're hearing me
I know you're feeling me
Always touching you now
And I don't want to fly
And be right by your side
I'm calling your name

If only you were here now
If only you were here
'Cause you gave me carousels
So many magic spells

I'm missing you now

But right here in my heart
There's a song I sing for you
Right here in my heart
Your love still gets me through
And all I feel
And all I know
We will find another way
'Cause right here in my heart
Is where you stay

And I don't know why
Why I cry
Why I cry
And I don't know when
I will see you again
But I will see you again

'Cause right here in my heart
There's a song I sing for you
Right here in my heart
Your love still gets me through
And all I feel
And all I know
We will find another way
'Cause right here in my heart
Is where you stay
