Delta Goodrem, Visualise

Visualise winning It's all in the mind If your head is spinning Find a way To make it fly

I can really feel your pain It eats into my soul

We can make this together You must never surrender This is now or never Close your eyes And visualise

Visualise swimming
In the oceans
In the sky
Go back to the beginning
To the place where you can fly

Whole lives can get crystallized In moments like this

We can make this together You must never surrender This is now or never Close your eyes And visualise

oh!!!

I visualise happiness
A thousand words I can't express
I visualise healthiness
A part of me won't be suppressed
I visualise laughing hard
and open up a deck of cards
Singing til the day is through
I make a call
I know it's you

We can make this together You must never surrender This is now or never Close your eyes And visualise

And visualise
