

# Demether, Diving

Whisper with the waves  
Never to be found  
Separated from the stars  
Crimson dyed sky  
With its endless love  
Calling me...  
Diving through the ocean`s cold  
Darkness covering my soul  
In this silence of my own  
Water tomb, my ever home  
Poetic spell  
Thee unveiled  
And drowned of demons  
Bare for sacrifice  
Bare for sacrifice...  
Diving through the ocean`s cold  
Darkness covering my soul  
In this silence of my own  
Water tomb, my ever home  
Poetic spell...
