## Demis Roussos, From Souvenirs To Souvenirs

A lonely room and empty chair Another day so hard to bear The things around me that I see remind me of The past and how it all used to be

From souvenirs to more souvenirs I live With days gone by when our hearts had all to give From souvenirs to more souvenirs I live With dreams you left behind I'll keep on turning in my mind

There'll never be another you No one will share the worlds we knew And now that loneliness has come to take your place I close my eyes and see your face
