

# Demis Roussos, September

I'm on my way for the place to stay  
I'm on my way on the special day  
If you don't get your's yet I'll try to wait for you  
I'm on my way  
I'm on my way and this is my special day  
If you don't get your's yet I'll try to wait for you

I may give up for real  
I may give up for real  
And when you will try to figure out why  
I'll be on my way looking for place to stay  
I'll be on my way looking for place to play  
If you don't get your's yet I'll try to wait for you

I'm on my way no more busy day  
I'm on my way wish I could stay  
If you don't get your's yet I'll try to wait for you  
I may give up for real  
I may give up for real  
And when you will try to figure out why
