## Demon, Fool to play the hard way

| Like a river you keep flowing throug | n me ⊢eei iike i m | drowning Drowning | in your love Just now |
|--------------------------------------|--------------------|-------------------|-----------------------|
|                                      |                    |                   |                       |
|                                      |                    |                   |                       |
|                                      |                    |                   |                       |
|                                      |                    |                   |                       |
|                                      |                    |                   |                       |
|                                      |                    |                   |                       |
|                                      |                    |                   |                       |
|                                      |                    |                   |                       |
|                                      |                    |                   |                       |
|                                      |                    |                   |                       |
|                                      |                    |                   |                       |
|                                      |                    |                   |                       |
|                                      |                    |                   |                       |
|                                      |                    |                   |                       |
|                                      |                    |                   |                       |
|                                      |                    |                   |                       |
|                                      |                    |                   |                       |
|                                      |                    |                   |                       |
|                                      |                    |                   |                       |
|                                      |                    |                   |                       |
|                                      |                    |                   |                       |
|                                      |                    |                   |                       |
|                                      |                    |                   |                       |
|                                      |                    |                   |                       |
|                                      |                    |                   |                       |
