

Denis Leary, Rehab

We did it all. We did it all. We did whatever we could get our hands on back in the seventies. We did it all. Because that's the big thing now. Rehab is the big fucking secret now. Isn't it, huh? Yeah, you can't get it. That's what they do, man. They go into rehab and they come out and they blame everybody except themselves. These people come out of rehab, they always have the same story. "Well, you know, I became an addict." "I'm just not happy. I'm just not happy. I'm just not happy because my life didn't turn out the way I wanted it to." "I'm not happy. I'm not happy." "Nobody's happy, okay? Happiness comes in small doses." "I'm just not happy." Shut the fuck up, all right? That's the name of my new book, Shut the Fuck Up. And all these people quitting. I think it's a good thing, AA. And the recovery and rehab, because I've been there. What the fuck?
