

DENISE, BOY

I want your name, boy
Written on my heart
Say, what's the price, boy?
Look me in my eyes
Just like we're stone cold-hearted
Like we're sippin' Martini-vibes at the party

Face to the ceiling, it's do or die
Stuck in the wrong thing
Baby, it was you and I
It's just a feeling, it's deep inside
Oh, you know what, would you know?
Is this the glory you talk about?
Got shots on the table, waiting to get loud
Got four lives to touch, is that enough?
All 'cause you know, what would you know?

She'll say hello
Is Heaven beside you?
Can we get right through?
Like a cool kid
Mega really cool kid

I want your name, boy
Written on my heart
Say, what's the price, boy?
Look me in my eyes
Just like we're stone cold-hearted
Like we're sippin' Martini-vibes at the party
I want your name, boy
Written on my heart
Say, what's the price, boy?
Look me in my eyes
Just like we're stone cold-hearted
Like we're sippin' Martini-vibes at the party

I can't contain it, you make it hard
Tell all the lies, my love, right before it starts
Boy, it's been wicked, but it plays with my mind
Oh, you know, what would you know?

She'll say hello
Is Heaven beside you?
Can we get right through?
Like a cool kid
Mega really cool kid

I want your name, boy
Written on my heart
Say, what's the price, boy?
Look me in my eyes
Just like we're stone cold-hearted
Like we're sippin' Martini-vibes at the party

I want your name, boy
Say, what's the price, boy?
Just like we're stone cold-hearted
Like we're sippin' Martini-vibes
It's Martini vibes

I want your name, boy
Written on my heart
Say, what's the price, boy?
Look me in my eyes

Just like we're stone cold-hearted
Like we're sippin' Martini-vibes at the party, party
