

# Dennis DeYoung, Boys Will Be Boys

We're looking for action--Cruising and acting so cool  
Rocking and rolling--Trying to find somebody who  
Will go for a ride, and maybe tonight we'll get lucky

Summer vacation--That's when we party the best  
Busting the curfew--We won't be happy unless  
We drink way too much, and we need a crutch just to stand up

Boys will be boys--Boys will be boys  
Hell, I don't wanna grow up and be a man  
I wanna stay as young just as long as I can  
Boys will be boys--Boys will be boys  
Hiding my Playboys under my bed  
Centerfold dreams dancing in my head  
Well, they're dancing in my head

Summer is here, believe it or not  
Back to the beach, where everything's hot  
Let's turn the radio up,, and dance to the beat  
Right out in the streets  
Let down your hair, 'cause summer is here  
Yeah! Summer is here

Looking for action---We're gonna break all the rules  
They know it's harmless--So who are they trying to fool  
When they act so outraged, and they shout "Act your age";  
Well, it's all right

Boys will be boys--Boys will be boys  
I don't wanna grow up and be a man  
I wanna stay as young just as long as I can  
Boys will be boys--Boys will be boys  
All we wanna do is to have some fun  
Rock & rock - roll in the summer sun  
Well, we're rocking with the girls tonight

Summer is here, believe it or not  
Back to the beach, where everything's hot  
Let's turn the radio up,, and dance to the beat  
Right out in the streets  
Let down your hair, 'cause summer is here  
Yeah! Summer is here
