

Dennis Lloyd, Today, Tomorrow

I want you to know
When you're not around
My life can be so hollow

Just call out my name
I'll be on my way to you
Today, tomorrow

I'll be there for you
I'll be there when you're down and you're lonely
I will be lonely with you

Yeah I'll be there for you
Anywhere that you go I will follow
Follow you into

It doesn't matter where I go
As long as you know
I'll be your shadow

It doesn't matter where life goes
I'm holding you close
I'm here tomorrow

I hope that you know
That you are the only end to my beginning
My body and soul
The reason I feel I finally found a meaning

I'll be there for you
I'll be there when you're down and you're lonely
I will be lonely with you

Yeah I'll be there for you
Anywhere that you go I will follow
Follow you into

It doesn't matter where I go
As long as you know
I'll be your shadow

It doesn't matter where life goes
I'm holding you close
Today, tomorrow

Run into the storm
As far as it goes
Over and over
I'll forever be yours
I'll be your home
Today, tomorrow
