

# Dennis Wilson, River Song

Walkin' down by the river  
Water running through my knees "(ooh)"  
River, oh river moves so free "(ooh)"  
Oh mighty river endlessly

Ooh, mighty river  
I would love to be like you  
Ooh, lonely river  
Has not got the time to say

I was born into the city life  
It's all that I've ever known  
You know it's rough gettin' round this place  
So crowded I can hardly breathe

You can only see about a block or two  
In L. A. that's the truth  
I'm lookin' for some country life  
Some kickin' room no more city life  
I want the river

Rollin' rollin' rollin' on river  
"(I got to get away, I got to get away, I got to get away)"  
Rollin' rollin' rollin' on river  
"(I got to get away, I got to get away, I got to get away)"  
Rollin' rollin' rollin' on river  
"(I got to get away, I got to get away, I got to get away)"  
Rollin' rollin' rollin' on river  
"(I got to get away, I got to get away, I got to get away)"  
Rollin' rollin' rollin' on

It breaks my heart to see the city  
I wonder why it ain't pretty  
Oh I want to cry, want to cry

Come on you've got to do it, do it, do it  
You got to run away, you got to run away  
You got to do it, do it, do it  
You got to run away, you got to run away  
You got to do it, do it, do it  
You got to run away, you got to run away
