

# Dennis Wilson, You And I

I've never seen the light that people talk about  
You open up my wallet and dust falls out  
That's alright with me  
Because the songs that I'll sing won't be blue  
Mmm yeah, 'cause honey you and I

No more lonely nights

I'll never make the headlines or the evening news  
There won't be rags to riches story for me  
Oh, but the songs that I sing won't be blue  
Ooh yeah, honey you and I, oh you and I

No more lonely nights

Take me there  
The truth, the faith I have in you  
Yeah, it's our melody  
It's what we do together

My Jesus, you open up my heart  
You make me laugh  
When I'm feelin' down

No more lonely nights  
No more lonely nights  
No more lonely nights  
No more lonely nights  
No more lonely nights
