

# Denzel Curry, Walkin

Walkin' with my back to the Sun, keep my head to the sky  
Me against the world, it's me, myself and I, like De La  
Got in touch with my soul  
Treadin' softly on the path down the rockiest road  
Life isn't ice cream without monopoly dough  
The property grows in value, and rightfully so, I gotta have it  
I see the way the people get treated, it's problematic  
They ready to set us up for failure, it's systematic  
But when I felt it, my eyes melted  
The selfish are constantly profitin' off the helpless  
I never do my team green, make the team green like the Celtics  
The ones that ain't makin' it overzealous, they show and tell us  
Throughout history, earnin' cheddar  
They form and break out nickel-plated chrome Berettas  
The same old story in a whole different era  
I'm watchin' massacres turn to runnin' mascara  
But any who, for the pain, see what this Henny do  
So we can see what lies beneath as we pour up a swig of truth  
The Sun sets as I sip a few, the sky turns a different hue  
Further from the color blue  
The night time has arrived, I recline for the evening  
I'm hawkin' down the next goal, the names ain't Steven  
I started in a nightmare so pinch me, I'm dreamin'  
I'm killin' off my demons 'cause my soul's worth redeemin'

Ah, ah (Yeah, yeah)  
Ah, ah, ah (As I toke my cigarettes, which I don't even smoke)  
La, la (Walkin' on this dirty-ass road)  
Ah, ah, ah (Yeah)

Clear a path as I keep on walkin', ain't no stoppin'  
In this dirty, filthy, rotten, nasty little world we call a home  
They get blickies poppin', ain't no option for my partners  
So they resort to scams and robbin'  
Take away stress, we ganja coppin'  
Blow it all out, it's all forgotten  
Keep on walkin', ain't no stoppin'  
In this dirty, filthy, rotten, nasty little world we call a home  
They get blickies poppin', ain't no option for my partners  
So they resort to scams and robbin'  
Take away stress, we ganja coppin'  
Blow it all out, it's all forgotten

Walkin' with my back against the sun  
I been runnin' all my life, that's way before my life begun  
Since my birth and seconds on Earth, I been the first one to confront  
All of these cycles that get recycled, makin' it stifle while I stunt  
Roll me a blunt so I forget it  
But it make the details look so vivid  
Went through a lot of shit in the last year (Uh-huh)  
Then I said, "Fuck it, I'ma handle my business" (Yeah, yeah)  
I been 180 to talk to one lady, she been regulatin' on how I feel (Feel)  
Describe it as raw and real (Real)  
I'm dealin' with all the ills, I'm tearin' up like I'm on Dr. Phil (Cry)  
Ain't no use, you gotta walk (Walk)  
Ain't no use, you gotta walk (Walk)  
Who the fuck said, "Stop the track," bruh? Let a real nigga talk (Yeah)  
I walk from the bitches, I walk from the friendship  
I walk from some digits, 'cause lately, my nigga, I'm feelin' indifferent (Uh)  
I wish y'all the best, and believe that, I meant it (Huh?)  
Sentence, run-on sentence (Sentence)  
Pray to God for repentance (For repentance)  
Beat the odds at all cost, so I won't share it with my infant (My infant)  
Way before he start crawlin' (Crawlin')

Wash my sins, keep ballin' (Ballin')  
I just gotta stay focused (Focused)  
I just gotta keep walkin'

Keep on walkin', ain't no stoppin'  
In this dirty, filthy, rotten, nasty little world we call a home  
They get blickies poppin', ain't no option for my partners  
So they resort to scams and robbin'  
Take away stress, we ganja coppin'  
Blow it all out, it's all forgotten
