

# Department Of Eagles, No One Does It Like You

Out in the morning calm  
You don't need to have an alibi  
And in the morning calm  
You don't need to be so honest

And in the morning calm  
You don't need to have an alibi  
And in the morning calm  
You don't need to breathe so easy

I laughed so hard I fell down  
I cursed these legs I walked on

No one does it like you  
No one does it like you  
I tried so hard  
But no one does it like you  
No one does it like you  
But I tried so hard

I tried so hard  
I tried so hard
