

Depeche Mode, Breathing In Fumes

[A dub mix of "Stripped"]

Nothing on this
I taste when we kiss
Come back to the land
For a few hours

Let me see you
Stripped down to the bone

Taste when we kiss
I taste when we kiss
You're breathing in fumes
I taste when we kiss

Let me see you
Stripped down to the
I taste when we kiss
I taste when we kiss

Let me see you
Stripped down to the
Come back to the land
Come back to the land

Let me see you
Stripped down to the bone

Breathing in fumes
I'm breathing in fumes
Breathing in fumes
You're breathing in fumes
