

Depswa, The Prom Song

They're more than just words,
They're colors,
To paint my feelings for you.
and i know how,
that there's no way to show you,
Just how much i care.

And i feel it oh so deep within me,
and i know that there's so much left to share.
All the times you're away,
Feels just like eternity.
As the moments that we had,
had to end.

[Pre-chorus]
The strokes of the brush,
Brings me Closer to your touch.
Through the hues well find a way,
To follow, I know we will.

[Chorus]
And the Colors are so Vibrant,
Like the sun on the ocean,
and the hues they will change from day to day.
But i know that, That the picture of love would last forever.
On this Canvas of our lives that we create.
(And our love will last forever)

And i know that always
i saw to try to display
just how precious that you are to the world.
Cause i know with just a touch,
you can show me oh so much,
that there's more to this life,
Than what we see

[Pre-Chorus]

[Chorus]

Colors may fade,
Turning vibrant to grey,
But one things unchanged,
the picture is still the same.

And through the days and nights the vision lives on forever,
And through a masterpiece of love me made together,
We've given all we can,
I know the world will understand,
The picture is of you, and me.

[Chorus]
