

Depswa, Two Angels And A Dream

Been searching for some answers
To the questions I should know
There's an angel up above me
And another down below

They offer me the world
But I don't exactly know
If these visions here they come to me
To stay or finally go

And I'm caught between two angels and a dream
One is pulling at my heart while the other rips the seams
Caught between two angels and a dream
And I don't know where to go

That's a vision of a kingdom
And its twice is black as night
The other whiter than the sun
With growing rays of light

And somewhere in between
Is the place that I have known
My decision lies are waiting
And to where I wanna go

And I'm caught between two angels and a dream
One is pulling at my heart while the other rips the seams
Caught between two angels and a dream
And I don't know where to go

I've got to find
Find the answers
I've got to find
My equilibrium
I've got to dream
Within the balance
I've got to keep
My equilibrium

Between the black and white
Between what's wrong and what's right
It's where I feel myself fall upon
Between you and me
Between what's caged and what's free
And I found where I belong

And I'm caught between two angels and a dream
One is pulling at my heart while the other rips the seams
These eyes have shown no future to be seen
Then to throw it all away for something in between
