

# Depswa, Where I've Begun

i'm giving to myself most of the time  
i don't need no one else to bring me down  
and i don't want to hurt no one  
but i'm still where i've begun  
where i've begun  
where i've begun

when will i feel myself again (where i've begun)  
when will i feel more than less upon (where i've begun)  
when will i feel myself again (where i've begun)  
when will i feel more than less upon  
where i've begun

time tease the day control of room  
but i don't mind if some i've ever seen  
and i don't want to hurt no one  
but i'm still where i've begun  
where i've begun  
where i've begun

when will i feel myself again (where i've begun)  
when will i feel more than less upon (where i've begun)  
when will i feel myself again (where i've begun)  
when will i feel more than less upon  
where i've begun  
where i've begun  
where i've begun  
where i've begun

(where i've begun)  
(where i've begun)  
where i've begun

when will i feel myself again (where i've begun)  
when will i feel more than less upon (where i've begun)  
when will i feel myself again (where i've begun)  
when will i feel more than less upon  
where i've begun  
where i've begun  
where i've begun  
where i've begun
