

# Desire, Solitude

(a tribute to Candlemass)

I'm sitting here alone in darkness  
Waiting to be free  
Lonely and forlorn I am crying  
I long for my time to come  
Death means just life  
Please let me die in solitude

Hate is my only friend  
Pain is my father  
Torment is delight to me  
Death is my sanctuary  
I seek it with pleasure  
Please let me die in solitude

Receive my sacrifice  
My lifeblood is exhausted  
No one gave love and understanding  
Hear these words  
Vilifiers and pretenders  
And please let me die in solitude

Earth to earth  
Ashes to ashes  
Dust to dust

Earth to earth  
Ashes to ashes  
Dust to dust

I'm sitting here alone in darkness  
Waiting to be free  
Lonely and forlorn I am crying  
I long for my time to come  
Death means just life  
Please let me die in solitude

Earth to earth  
Ashes to ashes  
Dust to dust

Earth to earth  
Ashes to ashes  
Dust to dust

Earth to earth  
Ashes to ashes  
Dust to dust
