

DeSol, Vivir En Tu Aire

I didn't know
but I believed in time
I'd find what I was looking for
There was a lonely bird
always waiting outside my door
In time all is revealed...

I was scared to look
but my eyes brought in
the most beautiful sight they could
And that lonesome feeling
turned out to be something good
Sometimes you gotta open your eyes
if you're gonna find it
And I know
that my love will be good for you
Baby, there's nothing
that I'd rather do
than to be with you

Vivir en tu aire
is all I need
The energy of your body
living in your atmosphere
Vivir en tu aire
Girl, I believe
love will keep me alive
You're the air I breathe

Sun and moon
Girl, I always want to be
the one circling you
Let your gravity do
what it wants to do
as your force
slowly pulls
slowly pulls me in

If you feel that my love
will be good for you
Open the door
and let the light shine through
and I'll be there

[Chorus]

I've been walking on your air baby
Floating on your air baby
Drunk on your love
Intoxicated
Only you can save me
You're my oxygen baby
It's all cause of you
You're the air I breathe

[Chorus]

I wanna be
I wanna be next to your body
I wanna breathe
Hey, tu aire
